Smart Life

APP AVAILABLE ON

The right temperature, wherever you are.

The GS-THWH-W and GS-THWH-B combine room-temperature control, weekly scheduling and intuitive touch operation, with identical functions in white or black.

Underfloor heating

Control compatible water-based underfloor heating systems according to room temperature.

Radiator heating

Maintain the desired temperature in compatible oil or natural-gas heating systems.

Heat pump

Use with a compatible water-based heating system powered by a heat pump.

Holiday home

Adjust the heating remotely so the property is ready before arrival.

CONTROL IT YOUR WAY

GEYER SMART

Control from your phone.

TOUCH CONTROL

Settings and operation on the device.

VOICE CONTROL

Through a compatible ecosystem.

FROM INSTALLATION TO SMART CONTROL

1

Installation

Surface mounting by a licensed electrician.

2

Pairing

Add to the GEYER Smart app.

3

Settings

Temperature, manual mode, ECO and OFF.

4

Control

Local or remote heating control.

IMPORTANT APPLICATION REQUIREMENTS

- Compatible water-based heating systems and resistive load up to 5 A.
- Installation and compatibility assessment by a licensed electrician.
- 2.4 GHz Wi-Fi required for connected functions.
