GENERAL & TECHNICAL SPECIFICATIONS

Description	Smart Wi-Fi water valve
Power supply	DC 5 V / 2 A via supplied adapter
Maximum pressure	1.0 MPa (10 bar)
Protection rating	IP65 · immersion not permitted
Thread	BSP
Materials	AISI 304 stainless steel and engineering plastics
Ambient temperature	-30 °C to +60 °C
Connectivity	Wi-Fi 2.4 GHz

PRODUCT OVERVIEW

Manual button · Wi-Fi indicator

AISI 304 valve body

APP FUNCTIONS & CAPABILITIES

Control	Open / close locally and through the app
Opening adjustment	0-100% in 10% steps
Schedules	Up to 30 schedules per day
Countdown	Available
Automations	Works with a compatible leak sensor
Sharing	Up to 20 users
Power failure	Automatic closing as factory setting

COMPLIANCE & COMMERCIAL INFORMATION

Compliance	CE
European Directives	RED 2014/53/EU · RoHS 2011/65/EU + (EU) 2015/863
Warranty	2 years

Imported by: GEYER Hellas S.A.,
Mourikiou-Drosias Provincial Road,
P.C. 34100, Chalkida, Greece

Installation by a qualified installer with the water supply isolated.
